

REMARKS

I amended:

claim 1 to add restriction to the etalon (a *solid* etalon, *whose free space range or its physical thickness relates to the temperature characteristics of said semiconductor laser*) and deleted specific locking process.

claim 3 and 4, more specific restrictions are given to the etalon.

claim 5 a new element to claim 1

Respectively submitted,

A handwritten signature in black ink, appearing to read 'Rong Huang', enclosed within a rectangular box.

Rong Huang
